COVID-19 CONTROL MEASURES

We aim to protect the Health & Safety of candidates and instructors/assessors during our training courses. COVID 19 has presented additional challenges for us to achieve this aim.

CONTROL MEASURES NOW IN PLACE

- Temperature checks on arrival
- Hand hygiene provision – to be used before entering indoor areas
- Use of gloves
- Use of face shields in indoor areas (provided)
- Deep cleaning of all indoor spaces prior to each course
- Deep cleaning or quarantining of equipment prior to each course
- Clean tools and equipment allocated to each candidate for the duration of the course and assessment
- Individual work benches spaced at 2m+ allocated to each candidate
- Surface cleaning provision in welfare facilities and daily deep clean

CONTROL MEASURES REQUIRED BY CANDIDATES

- Individual transport (sharing only for staff in work 'bubble')
- Provide their own lunch/snacks/refreshments
- Declare any COVID symptoms
- Declare any contact with any person showing symptoms
- Declare any 'Test & Trace' communications
- Observe all Social Distancing measures
- Follow the procedures in place to protect everybody involved in the training course

Should you have any concerns regarding your attendance, please contact us.
